

# Conservation Matters

✿ *A free series of programs sponsored by the Kiawah Conservancy in conjunction with the Sandcastle to:*

*Examine the landscape and wildlife of Kiawah*

*Present the latest data on biological and botanical research on the Carolina coast*

*Learn more than you ever imagined about Kiawah's habitat and wildlife*

*Consider all the ways by which open space and natural landscape can be preserved*

✿ *When:*

*~ 3-5pm March 17, 2010 - Melissa Bimbi (Loggerhead Turtles)*

*~ 3-5pm April 7, 2010 - Brian Thill (SC Aquarium - hands on presentation)*

*~ 3-5pm May 5, 2010 - Pamela Cohen (Nesting and Shore Birds)*

✿ *Where:*

*The Community Association Recreation Center (Sandcastle)*

✿ *How to register:*

*Contact Jennifer Woody at 843-768-2029 or [jennifer.woody@kiawahconservancy.org](mailto:jennifer.woody@kiawahconservancy.org) to reserve your place. Guests and visitors welcome as space allows.*

*March 17, 2010 Presentation*

## Loggerhead Turtles

*The Kiawah Conservancy and Kiawah Island Community Association (KICA) welcome US Fish and Wildlife Biologist, Melissa Bimbi. Melissa will give an exciting and informative presentation on the Loggerhead Turtle. A question/answer forum will follow the presentation and Kiawah's Turtle Patrol will be on hand to accept new volunteers.*

*Refreshments including coffee, water and baked goods will be served.*
